

PROZERO™

ACBS GMS PBS

Description

Food for special medical purposes.

ProZero™ is a protein free, liquid blend of carbohydrate and fat.

Indications

ProZero is for the dietary management of inborn errors of protein metabolism and kidney disease.

ProZero Unflavoured is suitable from 6 months of age onwards.

ProZero Chocolate flavour is suitable from 3 years of age onwards

Dosage and Administration

To be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

Preparation Guidelines

Shake well before use.

Best served chilled.

ProZero can be used in a similar way to milk:

- As a drink.
- On permitted cereal.
- Added to hot drinks.
- In permitted recipes.

IMPORTANT NOTICE

Use under medical supervision.

Not suitable for use as a sole source of nutrition.

ProZero Unflavoured: Suitable from 6 months of age onwards.

ProZero Chocolate flavour: Suitable from 3 years of age onwards.

Must only be given to patients with inborn errors of protein metabolism or kidney disease under strict medical supervision.

For enteral use only.
